Wood Park is ideal for those wishing to get away from the crowds. We are safely situated just off the main Tenby road in unspoilt countryside. The park blends into the natural environment with its landscaping. Wildlife - rabbits, foxes, badgers and numerous species of birds - live here in their natural environment.

Bringing your own Touring Caravan

Our secluded park, nestling in the beautiful Pembrokeshire countryside, midway between Tenby and Saundersfoot, is the ideal base for a touring or camping holiday.

Whilst remaining uncommercialised, the park is maintained to a high standard and is landscaped with trees and shrubs to blend into the natural environment. Our location alone attracts many visitors, along with the excellent quality of the park.

At Wood Park we aim to cater for families and couples on our well-kept family owned and run Park. Our touring caravan pitches are marked out and have 10 amp electrical hook-ups and most have space for your awning.

Our excellent modern toilet/shower block, with hair drying and shaver points, and under-cover washing-up area are central for everyone's convenience and you have full use of all the Park facilities.

Drinking water and chemical disposal points are conveniently located around the park.

Camping

We have a select camping area with marked out pitches, with suitably sheltered areas and the option to have 10 amp electric hook-up - for safety reasons you must be fitted with an RCD (earth trip) of proprietary make. Please note we have a maximum size for tents with electric of 6 x 5 metres.

During busy periods we make available additional pitches for tents (without electric) in our short stay camping field where you can book odd nights. (There is no size limit on non-electric tents in the short stay field).

Wood Park offers a warm welcome to tourers and campers from all parts of the UK, providing newcomers and old friends with the perfect setting for a touring or camping holiday.

"Thanks for the stay, toilets were spotless."

As Wood Park aims to offer a peaceful holiday, we do not accept parties of single people, groups or multiple family groups either booked singly or forming a group on arrival. We accept a maximum of two units together. Thank you for your understanding.

Holiday Caravan Hire

We always try to provide the best possible service for our customers whilst giving value for money, and it is with this in mind that we have a selection of holiday homes available to hire to suit all budgets and that give that important home from home feeling.

We offer a range of modern caravans, all of which are fully equipped and feature a fully fitted kitchen with full size cooker, a microwave and fridge, shower, toilet, hot water, heating in the lounge and colour TV. All caravans also have heating in the double bedroom.

Also available are luxury caravans with full gas central heating and double glazing which are perfectly suited to those who wish to holiday early and late season.

Three bedroom caravans are suitable for up to 6 persons including babies and children. Two bedrooms are for up to 4 persons including babies and children.

You simply have to decide which type of caravan will best suit your needs, and all you need to bring with you is your own personal linen i.e. bed linen, towels etc.

"We really enjoyed the atmosphere and the facilities in the park and the hospitality shown by you all during our stay."
